CAREER OBJECTIVE

To provide innovative, responsive, and professional web development and teaching services in Computer Science and Mathematics while nurturing digital growth in education and youth development.

PROFESSIONAL SUMMARY

I am a passionate Website Designer and Computer Science/Mathematics Educator based in Voi, Kenya. With a Bachelor's Degree in Education Science (Mathematics and Computer Science) from Pwani University, I specialize in creating responsive, user-friendly websites using HTML, CSS, Tailwind CSS, PHP, and Word Press. I am also experienced in teaching, digital system development, and youth digital empowerment. Currently, I serve as a teacher at Voi Boys High School and as the Program & Communication Officer at Youth Voices and Action Initiative.

SKILLS

1. Web Design & Development (HTML, CSS, PHP, Tailwind CSS)
2. Word Press Customization & Hosting
3. Computer Science & Mathematics Instructor
4. System Design and Analysis
5. Communication & Digital Advocacy
6. Youth Mentorship and Engagement
